

Matilda Pablo - “Unity”

Summary: Canton based singer-songwriter, Matilda Pablo, is featured on her first ever released song “Unity,” produced and mixed by Euro Jay and featuring NIXX-IT.

Biography: Matilda Pablo started writing music during her freshman year of college at Kent State University. She uses writing to not only express herself, but to create inspiring music that young women can relate to. Matilda Pablo creates a warm, soft, and bright atmosphere with her acoustic covers and originals. Growing up surrounded by music, Matilda has become a seasoned and comfortable musician. From being on the stage as a singer/actor, to being behind the scenes working in the studio as an audio engineer, Matilda’s musical journey has been vast. She has performed solo gigs at local farmers' markets, wineries, and coffee shops.

Track Info: Canton based-producer Euro Jay released a new album, “Royal Velvet.” The second song on the album features Matilda Pablo and NIXX-IT, making this Matilda’s first published song on all platforms. Jay saw the potential and drive in Matilda, and gave her an opportunity to feature her on a song. The song is about having unity in your relationship, whether that relationship be friendship, romantic relationships, or family. With harmonies, backing vocals, and ad-libs, Matilda’s feature is packed with her impressive vocal abilities.
